

Welcome to Bunloinn Wind Farm Online Exhibition

Due to the current COVID-19 pandemic and following Scottish Government guidance, we are unfortunately unable to engage with you in the normal manner.

Please be assured this is an introductory measure and we fully intend to carry out a face to face exhibition later in the year.

These slides are intended as an introduction to who we are and introduce the background and rationale to the site.

We are looking forward to listening to your views and thoughts on this important project!
