ELECTRICITY ACT 1989

TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1997

THE ELECTRICITY WORKS (ENVIRONMENTAL IMPACT ASSESSMENT) (SCOTLAND) REGULATIONS 2017

Notice is hereby given that Energiekontor UK LTD (“the Company”) with company registration number 03830819, having its registered office at 114 St Martin's Lane, Covent Garden, London, United Kingdom, WC2N 4BE has submitted additional information to the Scottish Ministers in relation to the application for consent under section 36 of the Electricity Act 1989 to construct and operate a wind farm known as Glenvernoch Wind Farm (“the Proposed Development”), located on land at Glenvernoch, Newton Stewart DG8 6RR (Central Grid Reference NX 35304 73033) within the planning authority area of Dumfries and Galloway Council. The installed capacity of the proposed generating station would be approximately 86MW comprising 13 turbines with a ground to blade tip height of 200 metres and has been subject to Environmental Impact Assessment (EIA) under the Electricity Works (Environmental Impact Assessment) (Scotland) Regulations 2017. An EIA Report for the Proposed Development was produced in October 2024 to accompany the application for consent, and Additional Environmental Information (AEI) was submitted in April 2025 to provide additional information in respect of issues raised by SEPA.

The Company has also requested a direction under section 57(2) of the Town and Country Planning (Scotland) Act 1997 that planning permission for the development be deemed to be granted.

The additional information submitted includes information in the form of a Grid Connection Appraisal, relating to the indicative grid connection corridor and associated grid connection infrastructure to connect the Proposed Development to the National Grid, noting that this may be subject to a separate application under Section 37 of the Electricity Act 1989 promoted by the relevant transmission operator. The additional information comprises two submissions made in April 2026 and May 2026.

A copy of the additional information, alongside all the application and EIA/AEI Reports, is available for public inspection, free of charge, on the application website <https://energiekontor.co.uk/our-projects/glenvernoch/> or on the Scottish Government Planning and Environmental Appeals Division website at <https://www.dpea.scotland.gov.uk/> under case reference WIN-170-2009.

The Grid Connection Appraisal is also available for public inspection in person, free of charge, during normal office hours at:

Copies of the additional information may be obtained from Energiekontor UK LTD (George.Oldroyd@energiekontor.co.uk) at a cost of £10 for an electronic copy and £15 for a hard copy.

Any new representations on the additional information may be submitted by email to the Scottish Government Planning and Environmental Appeals Division at DPEA@gov.scot or laura.walker@gov.scot, using the relevant DPEA reference number WIN-170-2009 and specifying the grounds for representation. Please note that you must be in possession of a working email address to submit a representation virtually.

If you would prefer to submit your representation by post, please send to Laura Walker, Case Officer, DPEA, Scottish Government, Ground Floor, Hadrian House, Callendar Business Park, Falkirk FK1 1XR, identifying the proposal and specifying the grounds for representation.

Written representations should be dated, clearly stating the name (in block capitals) and full postal address of those making representations. Only representations sent by email will receive acknowledgment.

All representations should be received not later than 28 June 2026 Scottish Ministers may be able to consider written representations received after this date.

Any subsequent additional information which is submitted by the Company will be subject to further public notice in this manner, and representations to such information will be accepted as per this notice.

Following examination of the environmental information and all views and representations received, Scottish Ministers will determine the application for consent in one of two ways:

- Grant consent, with or without conditions attached; or
- Refuse the proposal.

All previous representations received by Scottish Ministers in relation to the application remain valid.

General Data Protection Regulations
